Mum getting ready

All geared up in hospital clothes. Dad is nervous but Mum is doing just fine.

*“Hey what’s going on here...enough already !!“*

10-seconds out and they just snipped the umbilical cord.

1-minute out. *"Hi Mum, the doctor said I have 10 fingers and 10 toes, is that OK?"*

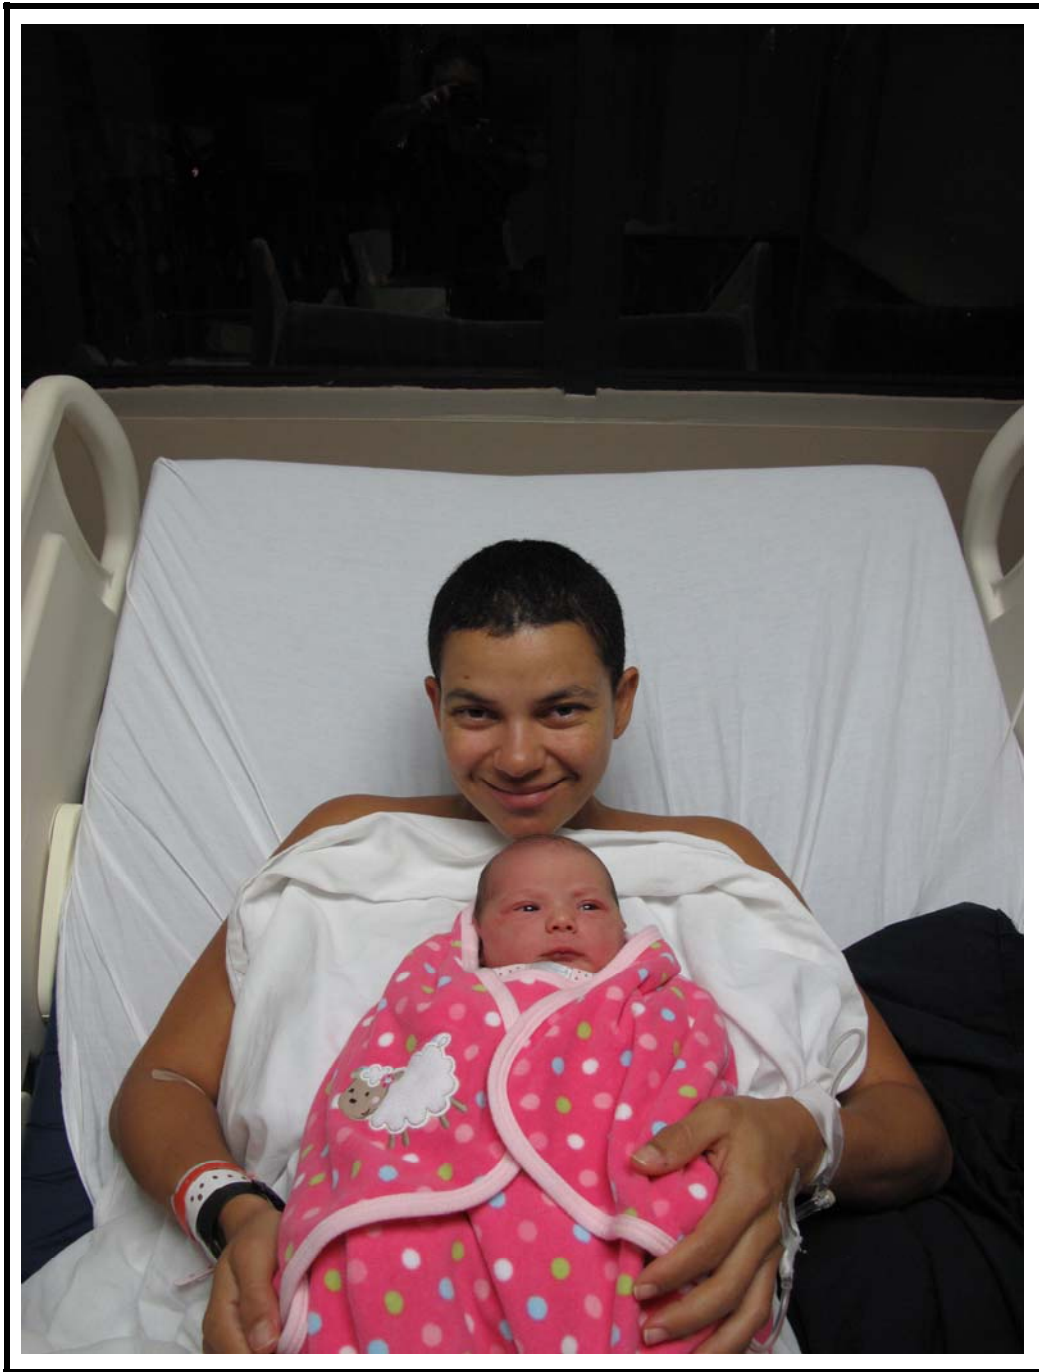

Mum feeling better now, in a private room with remote control bed and cell-phone at the ready to make a few calls.

Isabel delivered back to us after spending time away with the nurses.

*"Mum, they said I'm a perfect little baby, 7 pounds, 7 ounces, 22 inches long."*

Mum and Isabel happy to be reunited.

*“Shhh I’m sleeping.*

*They put these silly gloves on me ‘cos I scratched my face with my long fingernails.*

*I guess they’ll cut my nails soon....”*
